BUILDING
SERVICES

FOR THE INDUSTRIAL &
COMMERCIAL SECTOR

INTRODUCING CHALCROFT BUILDING SERVICES

Chalcroft provides a **complete construction service for industrial and commercial clients** throughout the UK.

Chalcroft Building Services complements our multi-million pound projects, allowing us to be responsive and deliver a complete service.

We understand the need to keep your business running at all times and our **expertise of working on live sites** ensures minimum disruption to your day to day operations. Chalcroft are specialists at working within high-care environments and our understanding of the food & beverage, temperature controlled logistics and personal care & pharmaceutical sectors ensures **compliance to stringent hygiene regulations**.

It is our mission to become your construction partner of choice...

“ We are delighted with the refurbishment of our site and it really has been quite a transformation. The exacting standards expected from Volkswagen with our new facilities required Chalcroft to work in close partnership with ourselves and our appointed architects. I have no hesitation in commending the team from Chalcroft for the quality of workmanship and professionalism throughout the entire project. ”

Environmental, Health & Safety is our priority:

As part of a large Principal Contractor, Chalcroft Building Services have the processes and support of our **dedicated Environmental, Health and Safety team**, ensuring full safety plans, risk assessments and method statements are undertaken. Our excellent health and safety procedures are recognised in our consecutive Gold Awards from **RoSPA** for Occupational Health & Safety and our accreditation to **BSI OHSAS 18001**, which is testament to our robust safety management system. Chalcroft is also accredited to **ISO 9001** and **ISO 14001**.
